

VOL. XXVI

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CAL., FRIDAY, JUNE 20, 1919.

NO. 25

REDUCE INTERSTATE RATES ORDER OF R. R. COMMISSION

**Present Charge of 50 Cents Per Ton for Switching
of Carload Line Haul Shipments by Southern
Pacific Declared Unduly Prejudicial
to South San Francisco**

The Interstate Commerce Commission has decided that the present charge of 50 cents per ton maintained by the Southern Pacific Company on interstate carload shipments to and from South San Francisco is unduly prejudicial to South San Francisco, and has ordered the transportation company to reduce this rate on or before September 1st to 25 cents per ton. It is further believed that under a certain stipulation now in the hands of Messrs. Sanborn & Roehl, attorneys for the South San Francisco Chamber of Commerce, that the intrastate switching rate will also be reduced to conform to the decision of the Interstate Commerce Commission.

The order of the Interstate Commerce Commission stipulates that the rate shall continue in force for a period of not less than two years from the date when it shall take effect.

The order of the Commission follows a long-drawn-out legal battle between the Southern Pacific Company and the South San Francisco Chamber of Commerce, in which the latter received the support of the combined civic and commercial bodies of San Francisco and the peninsula. The decision opens up new industrial possibilities for this city, because manufacturing industries locating at South San Francisco will be on a freight rate parity with east-bay industrial centers, practically making this city a part of San Francisco's industrial area, as the same freight rates will apply on interstate shipments to these points.

The Commission in its findings states that the proportional rate of 2.5 cents per 100 pounds, in addition to the line haul rates from and to San Francisco, applied by the Southern Pacific Company on certain interstate traffic in carloads, on which the Southern Pacific has a line haul, is unduly prejudicial to South San Francisco and unduly preferential to Oakland.

Two-Year Battle.

The contention for an equality of rates for South San Francisco's industries was started in May, 1917, when the existing discrimination was brought to the attention of nearly two hundred business men who attended a luncheon at the Palace Hotel. As an outcome of this luncheon meeting, presided over by Dr. F. S. Dolley of this city, at which were present members of the city Supervisors of San Francisco, representatives of the transportation company, officers of the San Francisco Chamber of Commerce, transportation

experts and traffic managers and representatives of every class of business, an organization known as the Industrial Executive Committee of Civic Associations was formed. The organization had representation from the Downtown Association, Mission Promotion Association, San Francisco Real Estate Board, Civic League of Improvement Clubs, Home Industry League, Manufacturers' Association of South San Francisco and the South San Francisco Chamber of Commerce.

The object of the meeting was to perfect an organization, elect officers and provide ways and means of placing San Francisco and its vicinity on a parity with Oakland and its immediate territory to permit of equal development. The principal subject discussed was the inequality of switching charges, privileges and facilities between the San Francisco and Oakland sides of the bay.

The following officers were unanimously elected: President, George P. Skaller; first vice-president, P. R. Thompson; second vice-president, J. G. Gallagher; third vice-president, Byron Mauzy; treasurer, Dr. F. S. Dolley; secretary, D. E. Curley; director of publicity, Harold W. Groom.

Backed by this organization the South San Francisco Chamber of Commerce has conducted a two years' legal battle before the California Railroad Commission and the Interstate Commerce Commission, which has resulted in this first order to reduce the rates, and, it is expected, will eventually secure a rate of 25 cents per ton on switching from and to South San Francisco of shipments originating within the State.

WORKER HURT IN 50-FOOT FALL

**GEORGE PEIN BREAKS ARM AND
SUFFERS OTHER INJURIES IN
TOPPLE FROM TELEGRAPH
POLE.**

On Saturday last, George Pein, an electrical worker employed at the Western Meat Company, broke his left arm, suffered severe bruises of the left hip and shoulder and sustained severe contusions of the left side of the face and head in a fifty-foot fall from a telegraph pole into a pile of scrap iron. He was removed to the South San Francisco Hospital, where his progress toward recovery is reported as being satisfactory.

Pein was putting a cross-arm upon the telegraph pole when the accident occurred.

He has only recently been discharged from the army. His home is at 103 Highland avenue, Burlingame.

TO ORGANIZE JOHNSON FOR PRESIDENT CLUB

**Judge E. E. Cunningham Starts Move-
ment to Boost Candidacy of
California Senator.**

Previous to his departure on Friday for Santa Clara, where he will attend the retreat of the Catholic laymen, Judge E. E. Cunningham announced that there is under contemplation the formation of a Hiram Johnson for President Club in this city.

Judge Cunningham, who has always been a consistent supporter of Hiram Johnson and his progressive policies, announced that considerable interest had already been evinced by those he has approached relative to supporting the California Senator for the Presidency.

Judge Cunningham, F. A. Cunningham, R. E. Setter and Dr. J. C. McGovern are named as being particularly interested in the formation of the organization.

The Judge stated that he believed in militancy in politics and declared it was the militant delegations who usually carried nominations, not those who sat supinely on the fence awaiting the way the cat would jump. He further declared it to be his belief that the nomination and subsequent election could be secured for Hiram Johnson if the West backed him up.

CHEMICAL WORKS FIRE CAUSES \$5000 DAMAGE

A fire which caused an approximate loss of \$5000 broke out in the plant of the Catalytic Chemical Company Monday afternoon at 2 o'clock. The principal damage was to a machine which is in operation at the chemical plant. The fire, the cause of which is still under investigation, was extinguished by the working force of the company, previous to the arrival of the city fire apparatus, which made a quick response to the alarm. No one was injured.

SALE OF FACTORY SITES CONFIRMED BY LAND CO.

W. J. Martin, manager of the Land Company, has confirmed the purchase of two industrial sites by small manufacturing companies which will locate here.

PHONE OPERATORS STICK TO BOARDS

Local Exchange Not Affected; Southern End of Peninsula Is Without Service.

The South San Francisco telephone exchange has not been affected by the telephone girls' and electrical workers' strike, which has caused a tie-up in the service in several parts of the State.

A delegation of strikers visited the local office on Tuesday, but the operators decided to stick to their posts.

Redwood City and the entire lower end of the peninsula are without telephone service this week as a result of the strike.

Every one of the thirteen operators in the Redwood exchange walked out, as did every one of the thirty-five girls in the Palo Alto district, as well as all the linemen and the switchboard men. In Redwood City the day and night chief operators alone remained on duty Tuesday and only emergency calls, such as for hospitals, doctors and fires, were taken care of. Tuesday night the chief operators were voted into the union, leaving the local exchange in charge only of the day chief operator.

The girls are asking for \$4 a day for operators who have had two years or more experience, \$2 for beginners, recognition of the union and for better working conditions. The present wages of the experienced operator is \$2 a day and for beginners \$9 a week.

BOARD LETS CONTRACT FOR STREET WORK

**City Trustees Order Other Streets
Improved; Protest Against
Paving Is Overruled.**

On Monday evening the City Trustees in regular session passed a resolution overruling the minority protest of a group of property owners who had petitioned the city to postpone certain street work.

Blanchard, Crocker & Howell, contractors, were awarded the contract for grading and paving Walnut avenue, from Grand to Miller. The award was made at 98 cents per cubic yard for grading and 15½ cents per square foot for paving.

The board canvassed the returns of the recent bond election and found them correct as tabulated and posted by the election officers.

Paving work on California, Pine, Aspen, Juniper, Olive and Cypress avenues was ordered by the board, as was the work in the High School Park subdivision.

MANUEL TABASH ARGONNE HERO

**SOUTH SAN FRANCISCO BOY,
BROKEN IN BODY, DECORATED
WITH DISTINGUISHED SERVICE
ORDER FOR BRAVERY IN BATTLE.**

"They nearly got me before we got them," smilingly said Manuel Tabash, South San Francisco boy, broken in body but cheerful in spirit, as he described the battle in which he was wounded, and whose survival is regarded as one of the most miraculous in the annals of the United States army.

With no hint of bitterness in his voice, young Tabash narrated how for eight days he lay in a shell hole in the Argonne Forest, alone and unaided, racked by suffering after both legs had been torn by machine gun fire and a machine gun bullet had bored a hole through his left arm above the elbow.

The young hero, slight in stature but with an indomitable spirit, was reticent in his modest portrayal of the engagement which won for him the Distinguished Service Order which decorates his breast.

Over the Top.

Shortly after being drafted Tabash was inducted into the 109th Pennsylvania Infantry and was among the first ten thousand to arrive in France, where he saw almost constant service until wounded. This slight boy upheld with bravery and valor the traditions of America's troops and fought valiantly in the St. Mihiel, Toule, sector and Vesle river engagements just previous to the fatal battle of the Argonne.

It was just before 5 o'clock in the morning as dawn was struggling through the trees of the Argonne Forest that the order came to 'go over the top.' A storm of bullets from German machine gun nests greeted the advance and Tabash fell when only a few feet from the trench. A companion succeeded in making his way to the side of the wounded boy and had lifted Tabash to his shoulder when a machine gun bullet plowed its way through the hanging arm of Tabash and penetrated the lungs of his rescuer, who dropped to the ground, dying almost instantly. Tabash then crawled to a shell hole and bound his belt tightly about his shattered legs. For eight days he lay in a heavy downpour of rain, which was followed by nights of killing frost. With half a box of hoard tack as rations he managed to survive the tortures of his wounds, the loss of blood, the pitiless cold and the death which constantly lurked in the uninterrupted spray of machine gun bullets which hummed above and spattered around him.

When finally rescued it was necessary to amputate both legs, one at the thigh and the other above the knee, along with four fingers on one hand and three on the other, the members being so badly frozen that saving them was impossible. For weeks he hovered between life and death, but the fortitude which upheld him during his terrible experience on the battlefield carried him through the new ordeal.

He spent eight months in the hospital and was finally returned to Lettermann, from where, on Wednesday last, he was granted a one-day furlough. He was brought to the home of his sister here on Cypress avenue, where citizens of the city called by scores to greet him.

AGAIN ON TOP!

The following figures are taken from a report of the U. S. Treasury Department, showing the total subscription by banks of the Twelfth Federal Reserve District to United States Treasury Certificates of Indebtedness issued in anticipation of the Victory Loan:

	Quota	Subscriptions	Per Cent

DIVORCE IS ASKED ON GROUNDS OF CRUELTY

Mary A. Schmidt of 123 Juniper avenue has filed suit for divorce in the Superior Court at Redwood City against Frederick M. Schmidt on the

ground of extreme cruelty. The marriage of the couple took place in San Francisco July 3, 1917, and they separated May 10, 1919. There is one child, Maxine, 13 months old. Frank W. Sawyer is the attorney for Mrs. Schmidt.

F. W. SINK, Supt.

INVENTION OF BLINGAME
MAN FACTOR IN FLIGHT

An invention by Oliver J. Williams of Bayswater avenue, Burlingame, assisted materially in the recent flights of the NC-1, NC-3 and NC-4.

Williams was granted his patent in March, 1917, and since that time his Eastern firm has furnished the contrivances to all the United States navy airplanes and practically all of the army airplanes.

The advantage of this instrument is that it records the temperature of the water in water packets around the cylinders. It will be recalled that in the report of the one of the logs of the NC airplanes the temperature recording instrument recorded the danger point, and as a result the planes dropped to lower altitude so that their engines would not be ruined. The instruments invented by Williams made this record for the aviators.

Besides being used for airplanes these instruments are now being installed on automobiles and motor boats.

ATTENDED MEETING OF
REPUBLICANS SATURDAY

County Clerk Elizabeth M. Nash and Deputy County Clerk Clement Nash attended the meeting of Republicans at the Palace Hotel on Saturday, when Senator Hiram Johnson was endorsed as California's choice for the party's nominee for President next year.

TO LAUNCH DREADNAUGHT
CALIFORNIA IN SEPTEMBER

Senator Phelan, before leaving California, wrote to Secretary of the Navy Daniels, urging that work on the superdreadnaught California be speeded up so that the dreadnaught might be completed and ready for launching on September 9 at the Mare Island Navy Yard, where it is being built. The Senator urged in his letter that men employed otherwise in the yard be put to work on the California so that it might be completed in time, and Secretary Daniels has indicated in his reply that he will be glad to co-operate in every way in bringing this about. The Native Sons of the Golden West, during their conference last week at the Yosemite Valley, passed a resolution urging this action. When completed the superdreadnaught U. S. S. California will be the largest afloat, with a speed of 20½ knots and a displacement of 32,000 tons.

CARPENTERS' UNION ASKS
INCREASE FOR TEACHERS

At the meeting of Carpenters' Union No. 162 in the San Mateo Building Trades Temple Tuesday night, a resolution was adopted urging the Board of Supervisors to increase the county school apportionment for the coming year to provide increased salaries for the school teachers. W. H. Dingwell is president of the union and J. E. Shand secretary.

We are perfectly willing to go on feeding Belgium, but—by ginger! when Belgium advertises that, "owing to the generosity of America she is ready to entertain tourists as of old," we shove back the corn meal and crisco and demand our country sausage and the five-cent loaf again.

STRUCTURAL STEEL
CONTINUES FIRM

Situation in Equipment Field Due to
Improve—Increased Buying
Anticipated.

Steel buying in the trade continues to show a broad tone, and so far as can be learned the price scale of the Industrial Board is being closely followed. According to all reports, leading producers are preparing to stand on this scale of prices until September, and in some cases until later than that month. This attitude has created greater confidence on the part of the consumer, and all indications point to the passing up of the waiting policy. The structural field is showing signs of revival, and a better report than that for April is looked for when the Bridge Builders' and Structural Society makes its statement for May.

The situation with regard to railroads is expected to result in the increased buying of supplies, and some additional rail tonnages are anticipated. The present tonnages are to be delivered to the Railroad Administration before July 1, and after that date it is estimated that the carriers will need still larger supplies against the time when the Government will release the lines to private ownership. Inquiries for equipment from domestic sources are in the market at the present time from some of the leading lines, in accordance with the general policy of providing for the upkeep of the federally owned systems.

It was announced that the United States Steel Corporation had sold 345,000 tons of steel to the General Motors Corporation. Various products are involved in the contract, including plates, bars, sheets, shafting, etc. The prices which govern the transaction, so far as is known, were those agreed upon for the products between the Industrial Board and the steel manufacturers some time ago. This is one of the largest transactions in steel products closed with an industrial consumer in many months and should tend to create a feeling of confidence in other consuming circles.

LOCAL HAPPENINGS
TOLD IN BRIEF

Charles Larsen, who has been on a vacation, spent his time profitably by painting his home on Grand avenue.

E. P. Shirley, chief operator of the Federal Radio Station here, is expecting his discharge from the navy on Friday and will leave South San Francisco on Saturday. He and Mrs. Shirley will make a short stay in San Francisco and then leave for Portland or Seattle.

Miss Margaret Crosby and Miss Agnes Karbe of Santa Rosa have been visiting for a week with the Misses Edward and Minnie Foley. Miss Karbe is a former resident of South San Francisco and has a host of friends among the younger set.

W. C. Schneider spent Tuesday and Wednesday in Stockton on a business trip.

Mr. and Mrs. Reese Lloyd left this week for a trip to Northern California, with a probability of touring Southern Oregon.

A number of friends assembled Saturday evening at the home of Mr. and Mrs. Joe Castro on Railroad avenue, when a reception was held in honor of their two sons, Willie and Joe, who have recently been discharged from the service.

A. Baldwin underwent an operation for appendicitis at the South San Francisco Hospital this week. He is reported as making satisfactory progress toward recovery.

Mrs. Daniels, mother of Mrs. O. B. Hempstead, arrived here on Tuesday from Indiana. The visit was unexpected by Mr. and Mrs. Hempstead and came as a happy surprise. Mrs. Daniels will probably remain until the fall.

Miss Viola Hein and Miss Mabel McColm will leave on June 28 for a week's trip to Yosemite.

John Gersez and family are spending a two weeks' vacation at Lake Tahoe.

SEPTEMBER 9TH TO BE HOMECOMING DAY

Governor Stephens, together with the State Committee on Readjustment, have agreed to set aside September 9 (Admission Day) as an appropriate day for California to welcome home her sons that have been in the service of Uncle Sam. This day was previously set for April 5, 1919, but it was too early, as a great number of the boys would not have been home. July 4th was taken into consideration, but because this day has its own peculiar patriotic motive it was thought best to wait until September.

This day is about three months off, but all of that time is needed to prepare to make this celebration unequalled in the annals of our State. The co-operation of all will be needed.

UNABLE TO EXPLAIN THREE BULLET WOUNDS

With three mysterious bullet wounds on his left breast just above the heart and a deep razor gash under his right arm, Vid Palapcovich, 14 Clay street, San Francisco, an Austrian, is in the county jail at Redwood City, and will be examined by the Lunacy Commission.

Palapcovich was arrested late Tuesday night by Constable S. A. Landini, after he had hurled himself from a rapidly moving train at Salada Beach and had aroused suspicion by his peculiar actions. Dr. A. H. Rankin of Daly City, who examined the man's wounds, declared they were about four days old. Palapcovich is unable to explain how he received the bullet holes in his breast.

WHEN A STORE FRONT QUILTS DISPLAYING WITH THE DARKNESS—IT'S LAZY

ELECTRIC LIGHTS KEEP IN ON THE
JOB WHILE THE NIGHT CROWDS WALK
THE STREET

If the merchant closes his doors at the completion of the day's business and fails to take advantage of the selling power of his store frontage during the evening hours, he is neglecting to pocket the maximum return on his rental investment.

A lighted store-front on a dark block is like a beacon in the fog. As sure as the dawn follows the night, it will attract attention to his wares and prices resulting in sales the following day.

Consult a dealer in signs and an illuminating engineer. They have information that will interest you.

Build Now

The Minneapolis News says: "Judging by history and by sound economic theory it will be a generation before prices get back to pre-war levels, if they ever do."

Cold facts gathered by the Government say "go ahead" with home building.

Up to the first of the year, farm produce prices had advanced 116 per cent over pre-war prices. Corresponding figure for lumber was 73 per cent. Commodities in general advanced 113 per cent. Building materials (not including steel) advanced 84 per cent.

These are the facts. Judged by history and by sound economic theory, it will be a generation before prices get back to pre-war levels, if they ever do.

Probably there will be a gradual decline, but meantime there will be an evening up. Prices which have gone up fastest and highest will come down first and most. Prices which have made the smallest comparative advance are apt to stay put until other prices come down to their level. This last applies to the building materials. It's poor business to wait.

Jess Willard tips the beam at 260 pounds. You would say that he must have gained, but no, Jess had to reduce to reach this weight.

The German populace has changed its mind during the last few years. It is now crying as loudly for peace as it formerly howled for war.

The cost of the war to the United States was over \$21,000,000,000. And the money amount was the least part of what it cost us.

The world is waiting with deep anxiety for the college graduate's view of the peace treaty and the financial situation and the problems of reconstruction.

While the soda fountains exist the United States will not be entirely dry. It will only have a different wetness.

It is hoped that the disposition of the railroads will improve the disposition of travelers, which has suffered severely under government ownership.

The Germans style the conditions of the peace treaty "ruinous." We wonder how they would describe the condition in which they left Belgium and northern France?

If some day you were to hear a sound like thunder, and in response to your amazed inquiry were informed, "Oh, that was only prices falling," wouldn't you be delighted?

For a study of the depths of pessimism observe the child who comes down with measles the first week of vacation.

While the Germans are considering the peace treaty, our army of occupation is considering what a privilege it would be to occupy Berlin.

The principal amusement in Europe at present is waiting to see which way the cat will jump.

Venus and Jupiter shine close and brilliant in the early evening. It is strange that we are not obliged to pay a luxury tax for having two evening stars.

No wonder that the Germans cling to the Saar Valley mines. They will need coal in this life, although some of them will have it furnished free in the next.

We are glad that Hawker is safe. His magnificent disregard for his life may be foolish, but it is inspiring.

Yes, brother, "every kick is a boost." The more we howl at high prices the higher they climb.

Everything around home has become too high for belief. Now hotel rates have gone up, and many a man has lost his last refuge from home.

If the Kaiser is tried for his part in the war he will come to the judgment bar no longer a prince "clad in shining armor," but an ordinary man with a heavy burden upon his soul.

Perhaps the Sick Man of Europe would like to have Uncle Sam for a doctor. But Uncle Sam is more in the soldiering business just now.

And if Uncle Sam should go into the medical profession there is a Sick Man of the Western World living right across the alley who would take up a lot of Uncle's time.

If you wish to hear some choice vituperation listen to a robin scolding a cat from a point of vantage. In the way of vocabulary she could give cards and spades to a doughboy fresh from Flanders and beat him at that.

Speaking of vacations, the most delightful one that we could imagine would be to hear nor see nor think the word "expense" for about two weeks.

Wanted—Copy of the Peace Treaty. Address U. S. Senate, Washington, D. C.

PROPERTY VALUES SHOW
HALF MILLION INCREASE

According to figures compiled by City Clerk William J. Smith, the valuation of South San Francisco property for the current year is \$500,343 in excess of what the assessment roll showed in 1918.

The total assessment roll for the year 1919 shows the excellent figure of \$2,739,913, as against \$2,239,570 for the previous year.

Upon this basis there is little likelihood of the tax rate for the current year exceeding \$1.40, notwithstanding that the city has bonded itself for the construction of the city hall, fire alarm and sewer systems. Last year's tax rate was \$1.30.

CHAMBER OF COMMERCE
JOINS NATIONAL BODY

The South San Francisco Chamber of Commerce has affiliated with the Chamber of Commerce of the United States, the national organization of commercial bodies. The parent body supplies valuable literature, pamphlets and other publications showing the trend of business activities throughout the United States, and issues comprehensive surveys of export possibilities. It is anticipated that local industrial development will be enhanced by the membership, which is secured at the nominal charge of ten dollars yearly.

BEARS DECLARE HOLIDAY;
GO TO FULLER PICNIC

The South City Bears declared last Sunday a vacation from baseball because of the W. P. Fuller picnic. "No game" for that day appears on their season's summary.

They are scheduled to play the Fort McDowell team at Angel Island this coming Sunday. Local fans wishing to make the trip to witness the game will board the government launch at the foot of Van Ness avenue at 10:30 a. m.

Two Scoops.

At the recent convention of the editors of California papers a delegate told about the first editor he worked under. Right or wrong, he was always right. I recall on one occasion where the paper announced the death of William R. Jones, who, it turned out, was not dead. Accordingly the next day the paper printed the following note: "Yesterday we were the first newspaper to publish the death of William R. Jones. To-day we are the first to deny the report. The Morning Star is always in the lead."

INJURED AT SHIPYARD.

George Jenking of 310 South D street, San Mateo, was seriously injured Tuesday at the Schaw-Batcher shipyard when struck on the back by a falling sack of sawdust dropped from above by a fellow workman. He was removed first to the emergency hospital, and Tuesday night was taken to his home in San Mateo.

Buy those War Savings Stamps.

DIVIDEND NOTICE.

Bank of Italy. Head Office, San Francisco, Cal.
For the half year ending June 30, 1919, a dividend has been declared at the rate of four (4) per cent per annum on all Savings Deposits, payable on and after July 1, 1919. Dividends not called for are added to and bear the same rate of interest as the principal from July 1, 1919. Deposits made on or before July 10, 1919, will earn interest from July 1, 1919.
A. P. GIANNINI, President.

TO THE VOTERS
Of South San Francisco

At a special State-wide election July 1, there comes before you for your approval an act passed by the last session of the Legislature proposing a \$40,000,000 bond issue to complete California's system of good roads. It is of vital interest to every citizen of this county and to the State in general that this measure be approved by an overwhelming vote.

Approval of this act means that:

This county will get the highways that we need.

That California will have 4,500 miles of graded and paved roads linked into a single great system unmatched by any other State in the Union.

That 100,000 California fighting men, returning from the service, can go back to their old jobs or better ones without causing a labor crisis in the State.

VOTE "YES" JULY 1

If the railroads are divorced from Government ownership, it looks as if their parting request would be for a large amount of alimony.

A species of high-brow gorilla which has developed the rudiments of speech is said to have been discovered in the French Congo. He probably says, "Is it warm enough for you?"

No one who observes the latest bathing suits can doubt the government's request for economy in material has been carefully followed.

The country will soon be in the condition prevailing after the Civil War when you couldn't throw a brick in any direction without hitting a colonel or a major or at least a captain.

ROYAL THEATRE

Program for Week Commencing Sunday, June 22d:

Sunday—All-star feature, "Babu, Son of Kazon," Lloyd comedy and Mutt and Jeff cartoon.

Woman's World and Social

Frocks for Vacation Time

Life holds enticing prospects for the younger generation just now. The long vacation is almost here, with days to be filled with play and quite likely a journey and a visit to add to its allurements. And there is always the certainty of new clothes when one is to go visiting. A frock to travel in, others for play, and one or two for grand occasions when everyone dresses up, all help in making life one continuous round of pleasure in vacation time.

Since the designing of children's clothes has been given into the hands of specialists who devote all their time and thought to it, all the needs of little folks are well taken care of, and mothers need only concern themselves with making selections from the styles submitted to them. At the left of the two frocks shown above there is a model which is suited to cotton materials, for everyday wear, and will look well developed in dark-colored taffeta, for traveling and street wear. It is made with knickerbockers and is altogether practical.

As shown in the picture the dress is plain chambray. A single box plait at each side of the front and a front

piece gathered to a band at the neck give it good lines. The three-quarter length sleeves and the pockets find a band finish, like that of the neck, all that one could wish, but two large pearl buttons are allowed for adornment at the ends of the band at the neck. The wide collar of white batiste or organdie is a separate affair, and its hem is finished with a narrow feather-stitching of colored silk.

Plain chambray and plaid gingham make a little dress that will prove useful almost any hour of the day, and this combination of materials we have always with us. In the dress at the left of the group it is shown in a frock having a waist of chambray and skirt of gingham, with the addition of white organdie in a little vestee and collar. Bands and tabs with pearl buttons and button holes make this frock interesting. The skirt has inverted plaits at the front, back and on the sides and the pockets, like so many others, are cut on the bias of the goods and finished with pointed bands.

Julia Bottomley

SOCIAL NETS SIXTY-FOUR DOLLARS FOR CHURCH FUND

The fund of the Ladies' Aid Society of the M. E. Church was swelled by sixty-four dollars as a result of the Experience Social held on Thursday evening at the hospitable Coffinberry home on Miller avenue, where more than fifty women guests assembled. Each contributor to the fund explained how she had personally earned the amount of her donation.

The recitals caused much merriment and the affair was voted an unqualified success, socially and financially.

An entertaining program was provided, in which Mother Goose rhymes in shadow pictures, fortune telling, a "Kitchen Band," vocal and instrumental solos were features. Refreshments were served.

ANNUAL SCOUT PLAY DRAWS BIG AUDIENCE

A crowded house greeted the Boy Scouts last Friday evening upon the presentation of their second annual play, "The Upper Trail."

The play progressed smoothly and showed excellent preparation and faithful rehearsals, every member of the cast being letter perfect in his part.

The campfire scene, during which several vocal and instrumental novelties were introduced, was received with particular enthusiasm by the audience, the stunts of the boys about the campfire taking on all the earmarks of professional vaudeville acts. The play netted in excess of \$100.

HENRY SCAMPINI BUYS 20-ACRE ORANGE GROVE

While on his vacation, Henry Scampini purchased a twenty-acre orange grove in Terra Bella, which he will develop into a producing orchard. It is not the intention of Scampini to leave South San Francisco, as he is planning a business enterprise in this city.

HIGH SCHOOL NOTES

(By Raymond Spangler.)

The final girls' Gym Jinks was the feature this week at the High School. On Tuesday afternoon the baseball game between the Reds and the Blues resulted in the score of 25 to 7 in favor of the Reds. Miriam Moses and Bernice Holbrook (Reds) and Ruth McMills and Alice Wallace (Blues) were the batteries. Next some indoor games were played, after which came the fashion show, in which Beatrice Eikerenkotter, Helen Dunbaugh, Sylvia Doak, Ruth Snyder, Miriam Moses and Bernice Holbrook were models and Sarah Doak the announcer. Miss Clifford gave her life's history in song and entertained with the ukulele. Grace Robinson and Myrtle Mullin presented a take-off on "Jiggs." Margaret Kiessling and Grace Robinson sang "Bohunkus," and Bernice Carroll did the hula (with all the little wiggles), accompanied by Miriam Moses. Between acts the girls danced and sang. Refreshments were served.

SERGT. HYLAND EXPECTS TO RETURN HOME SHORTLY

Sergeant William J. Hyland, who spent a fourteen-day furlough visiting relatives in England and Ireland, has returned to the American School Department at the University of Clermont, in the city of Clermont, France.

His duties at the university will have been completed by June 30, at which time he expects to be returned to service with his regiment, now stationed near Coblenz, Germany, which will shortly embark with the Fourth Division for the United States.

MRS. SILVERNAIL HAS ACUTE MENTAL BREAKDOWN

Mrs. Silvernail, wife of Goldie Silvernail, on Wednesday morning was removed from her home on upper Grand avenue suffering with an acute mental breakdown. She was taken to Redwood City, from where she will probably be sent to Agnews for further observation and treatment.

PHYSICIAN OPENS OFFICES IN METROPOLITAN HOTEL

Dr. Robert Steele Irvine has opened offices in the Metropolitan Hotel and will practice medicine in this city. Mrs. Irvine has temporarily taken up her residence in the Metropolitan Hotel.

COM. BOONE DECORATED

Lieutenant Commander J. T. Boone of the marine corps is the first navy man to be decorated in Washington for service with the A. E. F. Acting Secretary of the Navy Franklin D. Roosevelt pinned the Croix de Guerre with palm on Commander Boone in the secretary's office. Boone has been cited three times for bravery. He is a resident of Pottsville, Pa.

Probable German Colony in Hokkaido.

The Osaka Mainichi's Tokyo correspondent says that many German prisoners in Japan, numbering in all 4,500, are still loyal to the former kaiser and hope to secure positions in the South Sea islands and in China. Several hundred German prisoners at the Narashino detention camp are about to petition the Japanese government for permission to form a colony in Hokkaido when their release is granted. The Mainichi adds that the authorities are giving the request serious consideration owing to the fact that many expert machinists and other artisans whose experience can be turned to good account are among the petitioners.

Mohammedans.

The Mohammedans, according to carefully compiled figures, number 223,985,780 of the world's inhabitants, or one seventh of the entire population of the earth. They are distributed as follows: India, 62,458,077; Java, 24,270,600; Russia (Europe and Asia), 20,000,000; Turkey (Europe and Asia), 14,278,800; China, 8,000,000; Mohammedan countries like Egypt, Persia, Morocco, Algeria, Arabia and Afghanistan, 6,000,000 to 10,000,000; Central America and West Indies, 22,600; British Guiana, 22,600; United States, 8,000; Dutch Guiana, 5,800. About 95,000,000 followers of the prophet are living under British rule.

ONE OF WYMAN SEVEN IN TOILS OF THE LAW

David Wyman, one of the seven sons of Mrs. Mary Wyman of Redwood City who served their country during the war, is in jail at Redwood City charged with resisting an officer. According to the police, Wyman, who was recently discharged from the service, went down to Menlo Park a few nights ago

and created a disturbance in Chinatown. Constable Martin Walsh was summoned, and says Wyman pointed a revolver at him and snapped the trigger several times, but the gun was not loaded. According to the police, Wyman was under the influence of liquor at the time and has since been very repentant. Two of his brothers hold commissions in the service.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

JUDGE JOHN F. DAVIS

HEADS NEW FRATERNITY

A new fraternal organization, to be known as "The Most Modern Order of Summer Lids," has been formed by the city officials of Burlingame, the emblem of membership being a new straw hat. The officers elected are:

High Chief Hatter—City Attorney John F. Davis.

Custodian of Winter Beanies

—Chief of Police Lewis A. Cavalier.

Grand Bonnet Marshal—City Clerk James R. Murphy.

Trustee of Natty Headgear—City Treasurer John V. Doherty.

Each member of the organization who appears during the summer season minus a straw hat will be heavily penalized.

CALIFORNIA GOOD

ROADS COMMITTEE

Assurances that the gaps and laterals in the original State highway system will be completed and that all, or as much as is necessary, of the amounts included in the budget under the proposed \$40,000,000 good roads bond issue will be spent in each case, have been given by the State Highway Committee to the California Good Roads Campaign Committee. In this connection L. A. Nares, chairman of the California Good Roads Campaign Committee, authorized the following statement:

Upon the passage of the \$40,000,000 bond issue to be voted on July 1, 1919, the California Highway Commission has undertaken with the campaign committee to push forward the work of completing the gaps in the original State highway system and the laterals, and for this purpose to spend on them all, or so much as is necessary, of the amounts included in the budget submitted to the Legislature when the constitutional amendment was voted on.

SUSPECTED ASSAILANT OF JITNEY DRIVER ARRESTED

Through information furnished by the Sheriff's office in Redwood City, the San Francisco police on Monday arrested a man, who is now being held on suspicion of being one of the thugs who held up Albert Riedinger, a jitney driver, at Daly City on the night of May 30, beat the latter almost to death and then stole his car. Riedinger is still in a critical condition at a San Francisco hospital.

When the alleged assailant was arrested in San Francisco Monday he was endeavoring to dispose of a Ford automobile which, the police say, agrees with the description of the machine taken from Riedinger. The accused man admits having served a term of three years in San Quentin.

MOST MARRIED MAN IN STATE DISMISSES DIVORCE SUIT

Caleb Coakley, the most married man in California, who took Bessie Coakley as his bride in a seven-times ceremony performed by seven justices of the peace assembled in conclave at Redwood City in 1914, last Wednesday dismissed his second suit for divorce. The Coakleys were legally severed in 1916, only to be reconciled later and to be wed in 1917. In his latest suit, Coakley alleges extreme cruelty and desertion. Coakley was formerly proprietor of Coppa's roadhouse at Colma, but is now manufacturing a patent fertilizer.

AUTO DRIVER INJURED.

T. C. Lauman, driver for the Dufferd Lumber Company of Palo Alto, is at the Peninsula Hospital suffering from a broken rib and several minor injuries, sustained when he drove his truck off the side of the road on the La Honda grade Sunday afternoon. The accident occurred when Lauman turned out with his truck to avoid a collision with another machine.

TOBIN HOME BURNS.

The beautiful country home of Mr. and Mrs. Clement Tobin at Hillsborough, was gutted by fire Monday afternoon with a loss estimated at \$30,000. The fire is supposed to have started from sparks from a chimney which ignited the roof. Mr. and Mrs. Tobin had left for San Francisco in the morning and only servants were at home at the time. The San Mateo and Hillsborough fire departments which responded to the alarm, were handicapped in fighting the flames on account of the low water pressure. After an hour's hard work, however, the fire was gotten under control.

The Tobin place adjoins the Eugene de Sabla estate, which was recently sold to Jean St. Cyr of New York.

AGED WOMAN BURNED.

Mrs. Elizabeth Thompson, an aged woman living in the Boyd & Kent Tract, west of Five Points, was fatally burned Monday afternoon when a small gasoline tank attached to a gasoline ironer exploded. The unfortunate woman was ironing clothes in a small portable tent house she lived in when the accident occurred. She ran out of the house and her screams attracted the attention of neighbors who rushed to her assistance. Before the flames were extinguished, however, Mrs. Thompson was horribly burned, her body in places being literally cooked.

PIONEER DEAD.

Charles A. Jacobus, one of the oldest and most highly esteemed residents of Redwood City and one of the last two members of the San Mateo County Society of California Pioneers, passed away suddenly at his Redwood City home, 321 Stambaugh street, Saturday morning. His death came as a great shock to his family and to his hundreds of friends.

Sessue Hayakawa in "The City of Dim Faces" Tuesday's Royal Show

SESSUE HAYAKAWA in "The City of Dim Faces"
A Paramount Picture

To see Sessue Hayakawa, the distinguished Japanese actor in Paramount pictures, as a Chinese in a photoplay, is indeed a novelty. Mr. Hayakawa has been seen as a Mexican, Arabian and Hawaiian, and even as a Japanese, but until recently in his screen career he had not portrayed the role of a Chinese.

In his new photoplay, "The City of Dim Faces," which will be shown at the Royal Theatre next Tuesday, he appears as a half-cast American Chinese, the son of a rich Chinese merchant and of a white woman. He is taken away from his mother when he is a mere infant, and she becomes demented as a result of the shock. He is educated in a university in the East, and meets a beautiful, intellectual American girl and they fall in love with each other. This girl subsequently breaks the engagement when she sees the reverse side of Chinese life in the Chinese quarters in San Francisco, and in revenge the young Chinese-American makes her a prisoner, then sells her to a marriage broker, who later attempts to auction her off to the highest bidder. The young man learns the secret of his birth and rescues the girl from her shame at the price of his own life.

This is a remarkable photoplay written by Frances Marion and directed with excellent results by George Melford. Mr. Hayakawa has many excellent screen players in his support, the chief role of the young woman being played by Doris Pawn. The scenes are representative of the Chinese quarter in San Francisco.

Norman Reed has signed for a six months' sea trip as a machinist.

SAN BRUNO NOTES

GRADUATES REHEARSE FOR ANNUAL PLAY

The 1919 graduating class of the San Bruno Park Grammar School is rehearsing for its annual play, "Love Pirates of Hawaii." The play was written by Otis M. Carrington, well-known playwright and song writer of Redwood City, who states that the production is the best play he has written.

The cast is as follows:
Miss Primer..... Eunice Dudley
Pirate Chief..... "Babe" Palmer
Scary, a pirate..... Ralph Holliday
Dorothy Dear..... Helen Fisher
Little Billy Wood..... Lawrence Cherry
Besides the principal cast of characters the play will include a large chorus and many features will be introduced.

Sunday services at St. Andrew's Church: Sunday school, 10 a. m.; evening prayer and sermon at 8 o'clock.

Sunday services at the M. E. Church will be as follows: Sunday school, 10 a. m.; evening services, 7:45 o'clock. Sermon at 11 a. m.

James Forster has left for the East on a month's furlough from the quartermaster's division.

A reception to the San Bruno boys who saw service was given by the Yeomen last week. A festival, followed by dancing, was held.

A baby boy was born to Mr. and Mrs. Cauffman Sunday, June 8. Both mother and baby are doing well.

A baby girl was born to the wife of George Edwards on Wednesday, June 11. Mother and baby are doing nicely.

NORTHCOTT TRIAL WILL OPEN MONDAY

Physician Will Face Murder Charge in Superior Court, Redwood City.

The trial of Dr. Ephraim Northcott, charged with the murder of Inez Reed, army nurse, will begin in the Superior Court in Redwood City next Monday morning at 10 o'clock. The trial was to have begun on June 9, but was continued at the request of District Attorney Swart in order to procure the presence of Miss Marian Ayres, another nurse, who is said to have visited the Highlands avenue house in San Mateo, where the police claim the alleged illegal operation that caused the death of Miss Reed took place.

Miss Ayres came down to Redwood City last Saturday and was grilled by District Attorney Swart and Police Detective Charles Goff of San Francisco. At the conclusion of the interview the District Attorney announced that Miss Ayres would be a witness for the prosecution when the trial opens next Monday.

Attorneys H. H. McPike and Hall C. Ross, representing Dr. Northcott, remained in an anteroom of the District Attorney's office while Swart and Goff interviewed Miss Ayres.

McPike, after he had talked with Miss Ayres upon her leaving the District Attorney's office, stated that her admissions would in no way hurt Dr. Northcott's defense. McPike said that Miss Ayres had told District Attorney Swart that she had visited the Highlands avenue home, but as the guest of Miss Frances Cronin, Northcott's office aid, and her mother, Mrs. Josie Drennan. She denied that she had seen Dr. Northcott or Miss Reed there.

The liquor question seems to have resolved itself into a contest between the buyer and the cellar.

Germany has a counter-claim of \$13,650,000. We move that it be received and turned over to the editor of the comic supplement.—Knoxville Journal.

For Sale—Lot in Lomita Park, 50x 123; good built-up dwelling district; close to railroad station; price \$700; cash or terms. Fred Herting, 1009 Diamond street, S. F. 6-6-4t

And to think that the teutonic meaning of William is "helmet of resolution"!

"LOOKING FORWARD."

What will become of 100 average men after they pass the age of 25?

At age 35: 5 will have died, 20 will be in comfortable circumstances, and the other 75 will be virtually no better off than they were ten years before.

At age 45: 16 will be dead, 4 will be in comfortable circumstances (instead of 20), 65 must work to eat, and the other 15 will be wholly or partly dependent upon friends or charity.

At age 55: 20 will have passed away, 4 will be in fair circumstances, 46 must still work to eat, and 30 will be dependent upon relatives, friends or charity.

At age 65: 36 will have passed to the great beyond, 5 will be in fair or good circumstances, 5 will be able to do some work and must work for an existence, and the other 54 will be objects of charity from their children, friends or the state.

Ninety-five per cent of those who live to be 75 will not leave enough for a decent burial (unless insured), and 37 of the original 100 will live to see 75 summers and winters, too.
